I. Statement of Reasons for Allowance:

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art cited herein fails to disclose a method of making an RFID device comprising the steps of providing a web material, the web material including a continuous conductive layer and a continuous dielectric layer, forming at least one aperture in the conductive layer, and applying at least one strap across the at least one aperture.

Regarding claim 56, the prior art cited herein fails to disclose a method of testing RFID devices comprising the steps of providing a web that includes the RFID devices, cutting a slit in the web on opposite sides of one of the RFID devices, wherein the slits partially separate a central portion of the RFID device from other portions of the web, deflecting the central portion of the RFID device from the plane of the web and testing the RFID device.

Regarding claim 59, the prior art cited herein fails to disclose a method of programming RFID devices comprising the steps of providing a web that includes the RFID devices, cutting a slit in the web on opposite sides of one of the RFID devices, wherein the slits partially separate a central portion of the RFID device from other portions of the web, deflecting the central portion of the RFID device from the plane of the web and programming the RFID device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
